 email me

After working for 7 years as a Property and Operations Manager, increasing production 97.89% a year and growing 675% overall and average annual growth in team management of 128.94%, I decided to follow my passion for data and redirect my career. I recently graduated from the Data Analyst program at TripleTen, and I am now ready to give service to your business by listening, analyzing and helping to solve your business concerns that hinder your growth.

---

## Technical Skills:

Spreadsheets, SQL, Python, Tableau, BA, A/B testing, ML, Visualizations, Financial Analytics, Pandas, Jupyter Notebook, Anaconda, Streamlit, Statistics, NumPy, Matplotlib, Seaborn, Dashboards, Storytelling, KPIs, Sklearn, VSCode, Git

---

## Education:

2023-2024: Data Analysis Graduate at [TripleTen Israel](#)

- A 12-month intensive program in one of Israel's best coding bootcamps, where data analysts build professional skills using industry-standard tools. The course includes 12 real-data-based projects.
- Final Project: A full financial analysis for a hardware international company to conduct a big audit of their sales and help them automate their existing data. I worked with SQL queries, Tableau, Jupyter, pandas, matplotlib, numpy, seaborn, plotly. [See Final Project Here](#)

2023: Post-editor and encoder at [Amazon](#)

- Development Strings Post-Editing for Spanish (es\_MX, es\_US), Character Encoding, Strings Terminology, Machine Translation Post-Editing
- Mastering ASIN Loc Light MTPE is vital for professionals in e-commerce, particularly in product management and localization. It combines technical skills with an understanding of language nuances, enabling companies to compete in an increasingly global marketplace.

2001-2005: Business Consultancy graduate at AOSH EU, Copenhagen, Denmark

- Developed all the skills necessary to manage operations, finances, and quality assessments inside an organization, including the various departments and internal operation schema.

1988-1993: Higher School of Languages in [Valencia](#), Spain

- C2 degree in English.

1989-1993: High School graduate in Valencia.

---

## Professional Experience:

2019-Present: Machine translation post-editor and character encoding editor at Amazon (Corporate).

- Edit, score and encode content for vendors and products to be on the online store for all Spanish-speaking users worldwide.
- Post-edit all content for Amazon platforms, including Prime Video, Amazon Fresh, Amazon Clinic, Amazon Stores, Machine Translation for Alexa devices in Spanish.
- Received 0 error scores in the last 2 years on my projects and tasks by the Quality Check team.

2021-2023: Property Manager at [Holiguest](#) (Tel Aviv).

- Established and managed a team of 10 juniors to maintain a portfolio of over 100 luxury properties.
- Monitored daily tasks for check-in and check-out, and maintenance so customers and owners are satisfied.
- Create and update a database for properties so they can be listed and online for rent.

2009-2024: Sales Rep. for [VitalBulk Inc.](#) Retail Food Supplements for Spain and Israel.

- Managed sales of brand food supplements in Spain and Israel regions as retailer and online sales.

2001-2007: Business Consultant at Tecnologias Aplicadas, [Alicante](#)

- Made tailor-made programs for sales strategy, recruiting personnel, finances, operations and expansion in the field of shoe manufacturing, education, software applications, locksmith companies, construction company, indoor design, etc.
- In 2005, I was awarded the title of Top Consultant in my category in the United States. Overall, I provided consulting to more than 100 large and small corporations.

---

## Additional Information:
